The remedial coaching programme envisions to support weak learners in different subjects and provides them more focused teaching support to enhance their qualitative and quantitative subject knowledge, academic skills and linguistic proficiency. Since our college has majority of students whose Computer Knowledge status are weak, the remedial coaching offers them a good sustenance and attention. Faculties also get a chance of effective mentoring of such under privileged groups. The main facets of remedial coaching carried out in our college are well organized classes, exact screening, perfect training and repeated exams. These strategies have facilitated us to upraise our pass percentage to a great extent.

This year the entire world faced stressful and panic conditions. Natural calamities like flood and Corona epidemics have uprooted our plans. In spite of all these constrains we tried our best to provide our students good support through remedial coaching.
